In Memoriam

Shawn Rochelle Wise Madison

April 16, 1960

to

February 16, 1978

Shawn's life with us here at St. Michael's in our Starlet family was a most memorable one, because she could never be sad around people. Shawn's enjoyment of life, her pride and devotion to her class-the Jasmines, Class of 1978-her love to dance, her love for little children, and her great compassion for those in need are only a few of her radiant qualities. As God has called Shawn to Himself now, her presence will be missed; but the spirit of Shawn will remain in our hearts forever.

Principal's Message

Beloved Starlets,

You are special and deeply loved. You are great young women who consistently show us that Catholic Education is worth our all. You make coming to school a special joy.

Thank you for all you did this 1977-1978 year for your Starlet family. Our WCEA-WASC evaluation's success is due in large part to your beauty. We have shared much happiness and some sorrow this year. All sharing is enriched by the quality women we serve. God bless you abundantly and give you futures rich in peace and joy.

Lovingly,

Sister Glenn Anne, O.P.

SAVE THE DINOSAURS

Once upon a time, there was a dinosaur, a brontosaurus, a pterodactyl, and some weird-looking sea creatures and plants. Before long the whole bunch became part of a layer of organic matter. And after a little heat and pressure, they formed underground pools of crude oil—the same oil we're using today to drive our cars, heat our homes and perform a thousand other vital jobs.

The problem is that we're plumb out of dinosaurs, pterodactyls and the like. And it doesn't look as if they're coming

back. That's why, at Chevron, in addition to continuing our efforts to increase our domestic supply of energy, we're also helping to conserve energy. And we're reminding people of the need to avoid wasting gasoline. All of us must work together to help America achieve greater energy independence.

So the next time you jump in your car, remember that some dinosaur or other prehistoric creature gave his or her all for that tank of gasoline.

Go easy—and America's energy will go a lot further.

Consultation

ICBO acts as a management broker, by pairing clients with volunteer consultants best suited to the situation. An ICBO consultant meets personally with the client and helps him to realistically evaluate his needs, plans and goals. Services are offered in accounting, marketing, advertising, manufacturing, personnel management, finance, site location, and insurance. ICBO also provides management training through free courses at major universities.

Financing

Although ICBO does not lend money, we're structured to assist clients in obtaining loans

How We Looked Then

Virgo & Libra
& Virgo

Best
Friends

To Lavana
every and dear
person that I
admire very much.
Good luck in the future
and never forget that
you have a sister in me.
Since I've known you for so long
it's easy to be a pre-sister. I know
you will have fun in the summer be-
cause you are a fun person all year
round. I just hope that you remember
me in all of the fun as well as the sorrows.
Friendship was made to be broken but sister-
ship can't be broken since it's in our blood.
Whenever you start driving let my house be
the first one you stop by because I will get mad
if it's not. Please overlook the writing cause
you know that whenever Carlos is near
I seem to do away things mostly.
Well, have fun and be soed
like never! Just joking!

Love Always
